DEUTSCHE BANK ADMITS SENDING MONEY FOR BOLO

First Berlin Statement on Spy Disclosures—Bernstorff Is Attacked.

COPENHAGEN, Oct. 18.—The Deutsche Bank admits in the Vossische Zeitung, which prints four columns on the Bolo Pasha affair, that it transferred a sum of money, amount not stated, to Ambassador von Bernstorff through Hugo Schmidt.

The bank acted upon instructions from a source "generally responsible for the payment of salaries and other payments to our Ambassadors" and did not concern itself with the purposes to which the money was applied.

The Deutsche Tageszeitung says the Bolo affair the text for an attack on the judgment and ability of von Bernstorff, whose candidacy for the Imperial Chancellorship evidently is still feared by the Pan-Germans.

POLICEMEN ACCUSED OF MURDER DENIED BAIL

Bullets in Victim's Hall Tally With Those of Service Pistols—Motive Is Sought.

George F. Bessel and William P. McDonald, the Brooklyn policemen accused of killing John Rubino, a Williamsburg horse dealer, at the door of his home, No. 394 Metropolitan Avenue, Tuesday night, were held without bail by Coroner Wagner to-day and committed to Raymond Street Jail to await the action of the Grand Jury. Neither would make any statement.

Leut. Jones, the Police Department pistol expert, examined McDonald's revolver to-day and said it had been fired recently. Bessel's service revolver is missing. Bullets dug out of the door and the wall of the hallway of Rubino's home were found to be of the same calibre as the bullets used in police service revolvers.

Thus far no motive for the shooting has been discovered. From the evidence at hand it appears that two men stood on the sidewalk and fired at Rubino as he was entering his home.

'FOREIGN' VOTING CLUBS HIT.

Justice Whitaker Refuses Approval to Organization of Allen Bora.

The efforts of foreign-born groups in New York to band together for more effective use of their voting power received a decided setback this morning from Supreme Court Justice Edward C. Whitaker, who refused to allow the application of the Armenian Democratic Club for a certificate of incorporation.

"This court will not approve the formation of a political organization which has for its purpose or tends in any way to the segregation of citizens of

Letter Carriers and Mail Sorters.

The daily strain of trying to make out carelessly written addresses frequently causes eyestrain, and the shifting focus which is necessary when the mail man makes his rounds is also tiring to the eyes.

CANNOT SEND SUGAR TO BRITISH AS A GIFT

Christmas Plan of Persons Here Forbidden by Regulations in England.

LONDON, Oct. 18.—"We will send sugar instead of the usual Christmas presents," letters received by many Americans here lately from relatives in the United States have been saying. But the importation of sugar at present is prohibited by Government regulations.

One American and his wife who have eschewed sugar have saved their supplies and will make presents of it at Christmas. Lord Rhonda, the Food Controller, himself felt the stringency the other day when the maid who brought him his afternoon tea informed him he would have to

take it without sugar as there was none in his office. It is only a large cruiser arrived in English waters with nearly every member of its crew having home; ten pounds of sugar. But none of them was allowed to take his sugar past the dockyard gates because they

were not licensed importers. The men threw the sugar overboard. Quebec Bridge Is Opened. QUEBEC, Oct. 18.—The first train has crossed the recently completed Quebec Bridge. It was a special containing guests of the builders.

Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen.

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infant deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestion, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Genuine Castoria always bears the signature of Chas. H. Fletcher.
